*Dear Bea*

I am writing on behalf of the University of Aberdeen Development Trust to thank you for PMR-GCA Scotland's most kind donation of £1,500 to support Dr Neil Basu and his research in vasculitis. This is a wonderful and most generous gift, and we are extremely grateful for your support of this significant area of work.

I was delighted to hear that members of the PMR-GCA Scotland team were able to meet recently with Dr Basu and my colleague Emma Leiper from the Development Trust, to learn in more detail the difference that your donation will make and to formally present your gift. I hope the visit was enjoyable and that we can welcome you all to campus again in the near future.

I cannot thank you and the team enough for your commitment and drive to helping those with vasculitis and related musculoskeletal conditions, it is truly inspirational. We look forward to keeping you updated on the impact that your support has in this area.

Thank you again for your generous gift, we are truly appreciative.

With best regards.

**Professor Jeremy Kilburn**  
**Senior Vice-Principal**
